QUEST DRIVE

Schedule

Thursday 9th May

Arrival Day

Arriving mid afternoon at Audley Wood Hotel near Basingstoke, you are welcomed by the Venture Bound team, who will be with you for the entire experience looking after your every need. You will receive all your documentation for the event and a practice route will be available to get acquainted with the app.

The evening begins with a chance to meet everyone on the event with a Gin and Tonic reception before moving on to dinner at the hotel.

Friday 10th May

Day 1

The morning begins with your Quest Drive towards the beautiful Cotswold hills. A coffee break at a traditional country pub, then it's back on the road to see more wonderful countryside views. The morning concludes at the Sibling Distillery in Cheltenham where lunch will be served.

A short drive to our hotel to park before heading over to Piston distillery where you spend the rest of the afternoon distilling, tasting and exploring their gins.

Saturday 11th May

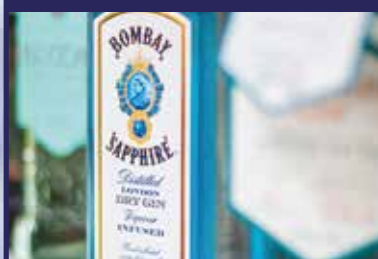

Day 2

After breakfast, the competition commences with a drive through the Cotswolds and a brief stop at a distillery to arrive at a picturesque pub for lunch. The afternoon brings about more Quest Drive before finishing late afternoon. Tonight's hotel is the Voco Thames Hotel where you can park the cars and prepare for the evening entertainment.

This evening you will be dining on your very own private cruise on the Thames, accompanied by a live Jazz band with a gin reception from the local distillery.

Sunday 12th May

Day 3

The final day begins with a morning drive through the Chiltern Hills. The last competitive Quest Drives will bring us to the famous Bombay Sapphire distillery. Here you will have time to explore the distillery, before finishing early afternoon and heading back to Audley Wood Hotel.

Tonight you will finish the gin discovery with a gin tasting of more local gins before heading into the farewell dinner. There will be a small awards presentation for overall Quest Drive winners, as well as special awards on the Quest Drive challenges.
